

NAME:

DATE:

The logo for Operational Skills Maintenance (OSM) features three colored circles (red, orange, green) above the letters 'OSM' in a white box. To the right, the text 'Operational Skills Maintenance' is displayed in white on a dark blue background, with three horizontal lines (red, orange, green) above it.

Core Knowledge

DESCRIPTION	Safe Person Concept	<a href="#">Click here for Study Guide</a>
OUTCOME	The firefighter explains the application of the Safe Person Concept and Dynamic Risk Assessment.	

### KNOWLEDGE CHECK

Q1. Every firefighter has a responsibility for safety at three levels:

1. Task Level: doing the job safely
2. Team Level: helping to ensure the safety of those you work with
3. Individual level: ensuring personal safety

What does the firefighter need to consider at task level?

Q2. What “tools” will the officer in charge at an incident rely on to assist with risk assessment?

Q3. In a highly considered way, firefighters:

- Will take some risk to save saveable lives
- May take some risk to save saveable property

When will firefighters NOT take any risk?

Q4. When applying Dynamic Risk Assessment what two factors are considered and how are these used to measure the risk?
